

A+

The new **WAVE** Locator with **Intelligent Pendants for the Senior Market**

Finally, a fully wireless e-call system
that is smart enough to get an A+!

- ✓ locate your residents anywhere in your facility, inside or outside
- ✓ provide your residents with the flexibility they deserve with call pendants that are always within their reach
- ✓ instantly broadcast the location of an emergency over your radios and push-to-talk phones as well as sending text messages over pagers, emails and cell phones
- ✓ provide caregivers with room level accuracy of the location of an emergency
- ✓ provide full acknowledgment back to your residents to let them know that help is on its way
- ✓ any intelligent pendant can be configured as a fall alert, if needed, at no additional cost
- ✓ all devices fully supervised

Call today to see how your facility can use the new
A+ intelligent pendant
